Business of 1988

Utah Insurance Department

October 10, 1988

Dear Governor Bangerter:

Pursuant to Section 31A-2-207 of the Utah Insurance Code, the Eightieth Annual Report of the Commissioner of Insurance is herewith respectfully submitted.

Insurance continues to play a vital role in the lives of our citizens and in the success of the business community. Fair, effective, and timely regulation of the industry enhances the ability of the industry to fulfill its role in our growing economy.

New products regularly appear in the market place, especially in the health care field. Solvency of companies has become a major regulatory concern and additional Department resources are being directed toward an effort to reduce the number of insolvencies that occur. The number of new domestic companies organized in the state continues to grow.

We are committed in the Department to fulfill our role as efficiently as possible and to support your goal of helping the "customer", the citizens of this great state.

Respectfully submitted,

Harold C. Yancey

Harold C. Yancey, CPCU
Insurance Commissioner

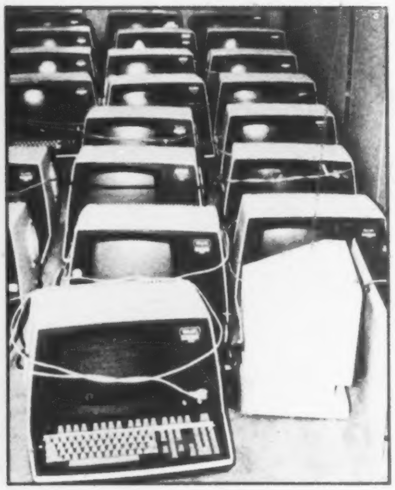
ADMINISTRATION DIVISION

Administration

Olga Tsakakis
Supervisor



The Administration Division is responsible for the oversight of the other five divisions within the Department. They are; the Examination, Solvency, Licensing, Consumer Service, and Market Conduct divisions.

In addition, the Administration Division is also responsible for personnel, inventory, data processing, and the preparation and submission of the Department budget.

For the fiscal year (FY) ending in 1989, the budget for the Department was $1,784 034 and the revenue was $2,512,331.

To date our personnel have consisted of 46 full time employees (FTE) of which 10 are in administration. The 1989 Legislature approved two additional staff members for the Solvency Division which will bring the total FTE's to 48.

Presently the Department is located in the Heber M. Wells Building with other state regulatory agencies. However, we are scheduled to move into the State Office Building during the fall of 1989.

The Utah Insurance Department has been at the forefront of change in its computerization efforts both among state agencies as well as other insurance departments. The computer system maintained by the Department contains a data base of all licensed insurance companies, agents and organizations, insurers annual statement information, docketed actions and proceedings, insurance rules, license history, complaint history, fee/revenue collections, and examiner billings.

Our data processing goal is to improve the level of automation support for the Department. Funding for the purchase of a new Wang VS 5000 was approved by the Legislature and will be in place by September.

Also, the Department would like to develop specifications for a new data base automation system that will improve the efficiency and effectiveness of the staff.

Two areas of concern are:

1) the communication function between the NAIC and our present system; and
2) the automation of the field examination process.

As a result, we have set the following goals for the coming year:

(1) Continuing the development of trending in the area of early detection of company insolvency.

(2) Improving relations between consumers and industry through:
  a. Consumer education; and
  b. The dissemination of information to licensees.

(3) Paying special attention to the administration of health and accident insurance in small groups.

Market Conduct

The Market Conduct Division is charged with;

(1) investigating and resolving alleged violations of the Insurance Code, and

EXAMINATION & SOLVENCEY DIVISIONS

Examination and Solvency

Hyrum S. Gentner
Supervisor

Douglas E. Green
Supervisor

The function of the Examination and Solvency Division is to protect the citizens of this state. Our mission is to reduce the number of insolvencies. When this is not possible, the division then must use whatever means available to reduce the economic impact on the citizens of Utah.

In order to fulfill this responsibility, the Examination and Solvency Division:

1) Conducts financial examinations of domestic and foreign insurers, with an emphasis on solvency and compliance to rules and the Insurance Code.
2) Provides a written report to the commissioner with recommendations and a full disclosure of the financial condition of the insurer.
3) Assists in the supervision, rehabilitation and liquidation of insurers when necessary.
4) In coordination with the commissioner, issues, restricts, and withdraws certificates of authority of insurers doing business in Utah.

In addition to tracking the financial stability of insurers, the Examination and Solvency Division also study the rates and forms filed by these insurers. This includes:

1) Examining and analyzing rate filings to determine if they are excessive, inadequate, or unfairly discriminatory as established by statute.
2) Review policy forms to determine if they are inequitable, unfairly discriminatory, misleading, obscure, or encourage misrepresentation.

The division also acts as liaison between the Life and Disability Insurance Guaranty Association, the Property and Casualty Insurance Guaranty Association, and the Utah Surplus Lines Association.
